What a start of the new school year 2019-2020! We would like to thank all the Site Coordinators along with the Campus Principals, Administrators, and Staff for all of their hard work and endless collaboration with Afterschool Centers on Education. Special thanks to the Transportation Department, Food Service, and Custodial for their collaboration as well. Improvement in homework completion, student attendance, student behavior, enrichment activities, college readiness, and family engagement events will continue to be our main focus in this supplemental program. We look forward for an excellent 2019-2020 school year. Together we can make a difference! We are the District...

Thank you!

Gracias!
