

2023-2024 P-TECH Work-Based Learning Aggregate Data

In it's first year, Donna North High School P-TECH Academy focused on providing age-appropriate work-based learning experiences for our 9th grade cohort that included facility visits, guest speakers, presentations, career information, and even paid work-based learning experiences. 100% percent of our 9th grade cohort students took part in one of these work-based learning experiences.
